On Foreign Exchanges

London, August 19.—Money was in abundant supply and easy demand on the market to-day. Discounts were firm. On the Stock Exchange the attendance was light and business was moderate. Foreign bonds, especially Russians, hardened, owing to the shortness of stock. Gilt-edged bank statement, but Kaffirs and copper shares eased after early strength. American securities opened fractionally lower following the weakness of the New York market of yesterday. At noon prices were generally 3-8 lower to 1-2 higher, and Canadian Pacific was 13-8 under the New York sold in the afternoon, and this caused a further setback, especially in Union Pacific, and the market closed weak.
